Thing need to be improve:

- Improve communication amongst team members.
- Better understanding about the technology used in the project
- The skill to convey presentations and ideas in front of many people.
- Use tools to help collaboration between team members (Github/Jira)

For the next sprint:

- Each member must prepare what they need to discuss and the discussion content should be agreed on beforehand.

- Every member should speak up if they meet some obstacles and are unable to tackle them. Ask help from other team members and teacher assistance.
